

Satish Kumar

Software Engineer & Data Enthusiast

skkumar9549@gmail.com | github.com/satishkumar9549 | www.linkedin.com/in/satishkumar9549 | DeKalb, IL, USA

EXPERIENCE

Backend Software Engineer & Application Maintenance 2+ years

- Developed and maintained backend services using Java/J2EE and related technologies within a Scrum and Agile environment.
- Delivered full-stack features spanning REST web services, Struts, Spring, Hibernate, and Oracle/MySQL databases.
- Built and maintained JSP/JSF and ExtJS/AngularJS front ends alongside backend services.
- Followed all phases of the SDLC, from requirements through deployment and maintenance.
